30 Movin' & Groovin' 10:00AM-10:30AM Creative Discoveries 2:00PM-2:30PM						

Ages: ● 0-3 Y/o ● 0-3 Y/o ● 0-5 Y/o ● 4-8 Y/o ● 4-8 Y/o ● 4-8 Y/o

Programs

Ages 0-3

Little Learners Circle

Join us to build a supportive community among caregivers while nurturing your little one's development in a fun and engaging environment. Designed for infants through age 3 and their caregivers, this program fosters social-emotional, motor, and communication skills through interactive play experiences.

- Physical Development/Motor Skills
- Social and Emotional Development
- Approaches to Play and Learning
- Communication and Language
- Cognitive Development (Science, Social Studies, Creative Development, Mathematics, Cognitive Processes)

Sights and Sounds

This program offers young children the chance to engage in sensory-rich activities that stimulate early learning. Each session highlights a new focus, such as colors, numbers, shapes, and exciting themes like animals, transportation, and more. This program encourages exploration and discovery through vibrant, playful experiences that support cognitive and sensory development.

- Interactive Games
- Object Exploration
- Themed Storytelling
- Art Exploration
- Sensory Play

Ages 0-5

Movin' & Groovin'

This program invites children to get their wiggles and jiggles out while exploring music and movement. Each session is filled with energetic dance and rhythmic activities, helping kids stay active, express themselves, and have fun in a lively and supportive environment.

- Dance
- Musical Instrument/Sound Exploration
- Scavenger Hunt
- GCE Hidden Gems: Using the provided scavenger hunt documents located within the GCE, children will engage in a quest around the Children's Experience space to locate various pictures and landmarks.
- Game/Obstacle Course

Ages 4-8

Mindful Minutes

This experience offers children the opportunity to explore various calming and centering techniques and practices. Each wind-down session focuses on social-emotional awareness and learning, helping children develop mindfulness and inner peace in a supportive movement.

- Yoga and Movement
- Sensory Exploration
- Mindful Art
- Meditation and Visualization
- Nature Connection
- Storytelling and Reflection

Ages 4-8

Creative Discoveries

Join us for an exciting journey of exploration and learning through the vibrant culture and history of our city. This program invites children to engage in hands-on experiences, completing various projects and activities that spark creativity while deepening their knowledge and familiarity with the city of Atlanta.

- Art and Artists
- Architecture
- History and Culture
- Music and Dance

Young Innovators

This program invites children to engage in various STEM activities, sparking their curiosity and creativity. Through hands-on projects and experiments, young learners will explore the exciting worlds of science, technology, engineering, and mathematics, fostering and problem-solving skills in a fun and interactive environment.

- Science Experiments
- Physical Innovation (science of movement)
- Arts (upcycling & recycling projects, use of unconventional materials, etc.)
- Literature
- Puzzles (problem solving challenges, escape room inspired challenges, Rubik's cube, sudoku, etc.)
